Insurance Carrier: Meridian, ID: M-55502-47

David Smith, a 39-year-old male, came in for his routine check-up on May 15, 2024. Residing at 2356 Oak Street, Lincoln, NE, 68502, he has been a patient under the care of Dr. John Doe (JDoe) for the past five years. During this visit, David mentioned experiencing mild, intermittent chest discomfort over the past month. He has a family history of heart disease, as noted in his previous records. His mother, Julia Smith, had a myocardial infarction at the age of 65. David's vitals were within normal limits, with a blood pressure reading of 130/85 mmHg. Dr. Doe recommended a stress test and an EKG to evaluate David's cardiac function, considering his family history and symptoms. The patient's social security number 987-65-4321 was used for records. His medical record number RC20240515-247 was updated with these new findings. David's insurance information, Meridian (ID: M-55502-47), was confirmed. jdoe advises a heart-healthy diet and consider starting a low-impact exercise regimen. A follow-up appointment was scheduled for six months later to reassess his condition.
